Every issue has regular sections on Asset Management & Scheme News, Hedge Funds News, Investment Data, Statistics

The magazine is complemented throughout the year by a range of guides. These guides have a proven track record:

- 82% of our readers like them for providing valuable in-depth information on current, topical issues and
- 79% keep them on file for future reference.

Research Guides 2003

In 2003 epn will publish four research guides which will provide a comprehensive overview of each of the major asset classes. Each guide discusses the investment strategies and products available within the asset class. This is complemented by geographical profiles of the major European countries. Sponsorship opportunities are available for sections of or an entire guide.

March 2003: Research Guide to Fixed Income
 June 2003: Research Guide to Alternative Investments
 September 2003: Research Guide to Equities
 December 2003: Research Guide to Money Markets
